During the bachelor's programme, I started programming in C# and PHP + I learned about the MSSQL q Mysql databases + the basics of artificial intelligence, neural networks and normal fronts.

Bachelor project: Programme for the steel lattice truss design in C#.

Josef Gočár Secondary Technical School of Civil Engineering, Prague

📅 August 2000 – June 2004

WHERE I LECTURED

2019

Conference www.teched.cz

Lecture: Web app security ()

2018

Conference www.javadays.cz

Lecture: React JS ()

2018

Conference www.teched.cz

Lecture: Node JS ()

TRAININGS AND CONFERENCES ATTENDED

2024

Training on the use of AI for application development and automation of AI processes.

2017

Conference WebExpo 2017

Regularly meetup Reactisti, PragueJS, Nette

2016

Training Angular - anywhere.cz

Training React JS - Michal Kočí - Bratislava

React meetup - www.meetup.com/Reactisti

2015

Training: Today's web frontend – Martin Michálek

Conference Devel.cz

Training SEO – Marek Prokop

2014

Training SEO – h1.cz
Training Google Analytics – dobryweb.cz
Conference Brno PHP
Training Company server – Linux – dobryweb.cz
Conference WebExpo

2013

Nette Framework Championship – David Grudl
Javascript – Daniel Staigerwald
Conference WebExpo

2012

Training SEO - h1.cz
Training Photoshop - root.cz
Training GIT - dobryweb.cz

2011

Training PostgreSQL - dobryweb.cz
Training jQuery - David Grudl

2010

Training Web application development in Nette Framework – David Grudl
Training How do I create web applications – Jakub Vrána
Training MySQL – Jakub Vrána
Training PHP programming – Jakub Vrána

2009

Training Introduction to PHP – Jakub Vrána
